Congratulations!

This is to confirm that you are officially a GAF Master Elite® Contractor. Becoming a Master Elite® Contractor is a special honor. You and your employees should be very proud. My guess is that property owners who choose your organization will realize that they have made a great choice.

A Real Advantage Inc is one of a small number of professional contractors in your metropolitan area that has earned this special factory-certified status. I wanted to take a moment to congratulate you on being chosen for such a fine honor. This status is special; fewer than 2 of every 100 professional roofing contractors in the U.S. meet the professional qualifications and commit to the superior standards required to become a GAF Master Elite® Contractor.

How will your customers benefit? The special enhanced GAF warranties can only be offered by a factory-certified organization. This means your customers can receive much greater peace of mind, because these enhanced warranties more than double the coverage of traditional roofing warranties offered by competitors.

A Real Advantage Inc is also especially qualified to install the GAF Lifetime Roofing System. By reputation, your company is among the very top in the United States for both quantity and quality of these installations.

Please don't hesitate to share this news with your customers and employees, and give me a call if you have any questions.

Best regards,

Jim Slauson
